REV.	4/94 The former operator had placed spoil in the areas west and south and adjacent to the pit. Spoil will be added to this pile as the pit is expanded to the north in future years. When the north boundary is reached on the west side of the site, spoil will be placed in the mined-out areas as quarrying moves eastward. Methods of placement and disposal will be by the most economical combination of hauling in trucks and moving with dozer and scraper.
